

## **PG : Semester-IV**

For one week

(Theory)

Paper: **Inorganic Chemistry Special-II**  
(Optional paper)

Course ID: **CHEM-4104**

A) Photoacoustic spectroscopy

B) Nephelometry, turbidometry

C) Thermal methods of analysis

Book suggested: Instrumental Methods of Chemical Analysis(5e)- Galen W Ewing.

Page no. : 147-152, 154-159, 429-443

***Students are advised to contact with me by phone &/ whatapps (contact no. 9434816944) if they have any problem.***
